

Breathwork Session Preparation

- Get the most out of your experience -

What to Bring

1. **Comfortable Attire:** Wear something that lets you move and breathe freely. Relaxation is key, so choose clothing that helps you feel at ease.
2. **Yoga Mat or Blanket:** If possible, have a yoga mat or a cozy blanket nearby (avoid the bed). Laying down is preferred for the session but not required. Your comfort is the main thing!
3. **Eye Mask:** To help you sink deeper into the experience, bring an eye mask or something to gently cover your eyes.
4. **Earphones:** Earphones or headphones are encouraged, as they'll enhance your immersion in the session. Make sure they work with your device.
5. **Water:** Stay hydrated! Have a water bottle ready for after the session.
6. **Open Mind:** Bring a mindset that's curious and ready to explore the power of your breath.

Pre-Session Guidelines

1. **Diet:** Avoid heavy meals at least two hours before the session. A light snack is fine if needed.
2. **Devices:** Since we're meeting virtually, ensure your internet is stable and find a quiet, private space where you won't be interrupted.

Mental Preparation

1. **Set an Intention:** Take a moment to think about what you want to gain from this Breathwork session. Whether it's stress relief, heightened creativity, or emotional clarity,

having a clear goal will amplify your results.

2. **Open Heart & Mind:** This is crucial - come with an open heart and a curious mind. Breathwork can be incredibly transformative, so embrace the journey!

During the Session

1. **Follow My Lead:** I'll be guiding you every step of the way. Just listen and allow yourself to fully engage in the experience.
2. **Breathe:** Your breath is the anchor in this practice. If you feel any discomfort, simply return to your natural breathing pace for a moment of calm.
3. **Let Go:** As you breathe, be ready to release tension and stress. Let yourself surrender to the process and enjoy the experience.

Post-Session

1. **Reflect:** After the session, take a few moments to reflect. I encourage you to journal any thoughts, feelings, or insights to deepen your experience.
2. **Self-Care:** Be gentle with yourself. If emotions rise to the surface afterward, it's normal! Consider it part of the release. This will help you integrate the session's benefits and feel lighter throughout the day.

Get ready to harness the power of your breath for greater well-being and productivity!

See you in there!
